### Contractor Arbitration

The Home Improvement Contractor Law provides homeowners with the right to initiate an arbitration action (as an alternative to court action) if they have a dispute with a contractor. The same right is not automatically afforded to a contractor, however. The contractor would have to resolve any dispute he/she has with a homeowner in court unless both parties agree to the **optional** clause provided below. This clause would give the contractor the same right to arbitration as is afforded to the homeowner by the Home Improvement Contractor Law.

The contractor and the homeowner hereby mutually agree in advance that in the event the contractor has a dispute concerning this contract, the contractor may submit the dispute to a private arbitration firm which has been approved by the Secretary of the Executive Office of Consumer Affairs and Business Regulation and the consumer shall be required to submit to such arbitration as provided In Massachusetts General Laws, chapter 142A.

**NOTICE:** The signatures of the parties above apply only to the agreement of the parties to alternative dispute resolution initiated by the contractor. The homeowner may initiate alternative dispute resolution even where this section is not separately signed by the parties.

### Homeowner's Rights

A homeowner's rights under the Home Improvement Contractor Law (MGL chapter 142A) and other consumer protection laws (i.e. MGL chapter 93A) may not be waived in any way, even by agreement. However, homeowners may be excluded from certain rights if the contractor they choose is not properly registered as prescribed by law. Homeowners who secure their own building permits are automatically excluded from all Guaranty Fund provisions of the Home Improvement Contractor Law. The contractor is responsible for completing the work as described, in a timely and workmanlike manner. Homeowners may be entitled to other specific legal rights if the contractor guarantees or provides an express warranty for workmanship or materials. In addition to guarantees or warranties provided by the contractor, all goods sold in Massachusetts carry an implied warranty of merchantability and fitness for a particular purpose. An enumeration of other matters on which the homeowner and contractor lawfully agree may be added to the terms of the contract as long as they do not restrict a homeowner's basic consumer rights. If you have questions about your consumer/homeowner rights, contact the Consumer Information Hotline (listed below).

### Execution of Contract

The contract must be executed in duplicate and should not be signed until a copy of all exhibits and referenced documents have been attached. Parties are also advised not to sign the document until all blank sections have been filled in or marked as void, deleted, or not applicable. One original signed copy of the contract with attachments is to be given to the owner and the other kept by the contractor. Any modification to the original contract must be in writing and agreed to by both parties. Contracted work may not begin until both parties have received a fully executed copy of the contract, and the three day rescission period has expired.

### Accelerated Payments

A contractor may not demand payments in advance of the dates specified on the payment schedule in cases where the homeowner deems him/herself to be financially insecure. However, in instances where a contractor deems him/herself to be financially insecure, the contractor may require that the balance of funds not yet due be placed in a joint escrow account as a prerequisite to continuing the contracted work. Withdrawal of funds from said account would require the signatures of both parties.
